refreshed"*

WM. J. ARMSTRONG

Democrat for

CORPORATION COMMISSIONER

"Qualified by Experience"

* * * *

THE PRESS SAYS:

"Armstrong knows more about the oil business than any other man in the state. Through his fairness, patience and diplomacy he has ironed out many a dispute which threatened to split the oil industry wide open. There is good use for such finesse and integrity in the Corporation Commission's office."
Tulsa Tribune.

"A man who has proved himself big enough for the most involved appointive job in the State of Oklahoma."
—Perry Daily Journal.

"Surely the voters of Oklahoma will recognize ability and bring harmony to the Commission by taking Armstrong from the ranks and placing him on the Commission."
—Blackwell Tribune.

"Wm. J. Armstrong receives support of State's press. Comment favors his candidacy for Corporation Commissioner."
—Afton American.

"God Bless America"

(With appreciation to Irving Berlin, Inc., and the Copyright Owners.)

While the storm clouds gather
Far across the sea,
Let us swear allegiance
To the land that's free;
Let us all be grateful
For a land so fair,
As we raise our voices
In a solemn prayer.

God bless America
Land that I love,
Stand beside her and guide her
Through the night with a light from above;
From the mountains, to the prairies,
To the oceans white with foam.
God bless America
My home sweet home.

COUNTY COMMISSIONER

Higher *Anti-Knock?*

Certainly!

D-X always has met the requirements of advanced automotive engines. Now it has higher anti-knock than ever before. Power, mileage, quick-starting performance are UP, too!

D-X worth 2¢ more but costs no more

Because D-X provides upper-cylinder lubrication, it is actually worth 2¢ more per gallon than any "regular" gasoline. It gives you an *extra* performance feature which other companies recommend but for which they make an extra charge, averaging 2¢ per gallon of gasoline. A special high heat-resisting lubricant is processed into D-X in its manufacture—making it always uniform, scientifically correct. D-X cannot be compared with the haphazard mixture obtained by pouring a "top cylinder oil" into the gasoline in the tank. D-X protects all upper-cylinder parts...gives greater mileage, power and speed...smoother engine performance...reduced wear. Yet D-X costs you no more than nationally advertised "regular" gasolines, and is sold on a Money-Back Guarantee.

MID-CONTINENT PETROLEUM CORPORATION

AT ALL D-X DEALER STATIONS
